**Kid
Connections
Club**

A sib-port group for brothers and sisters of someone with special needs

What is Kid Connections Club

Kid Connections Club is based on the internationally successful Sibshop workshops developed by Don Meyer.

Sibshops are pedal-to-the-metal celebrations of the many contributions made by brothers and sisters of kids with special needs.

Sibshops acknowledge that being the brother or sister of a person with special needs is for some a good thing, others a not-so-good thing, and for many, somewhere in-between.

Who's invited to the Kid Connections Club?

Brothers and Sisters only. Parents and the child with special needs are not invited this timeSorry.

Kid Connections Club is an event for brothers and sisters.

- It provides a relaxed, recreational setting for kids to explore their feelings.
- It helps to reduce the sense of isolation and acknowledge their feelings.
- It promotes information sharing. It is a dedicated time for siblings
- And it is a great place to meet new friends and have a great time!

Who we are....

Theresa Burfield is a certified teacher who has been teaching in elementary schools since 1985. She graduated from York University with a Bachelor of Arts (Psychology) and a Bachelor of Education, and has since earned her Primary Specialist and Special Education Specialist qualifications, as well. Theresa is the mother of two children, one of whom has Down syndrome, and has served on the Executive Committee of the Down Syndrome Association of York Region for seven years. Theresa became a certified *Sibshops* facilitator in December 2008.

Elizabeth Lappin is a certified computer geek, with a Bachelor of Science from the University of Toronto. She has worked in the high tech industry for over 20 years and has various, boring, industry certifications. The only thing that saves her from being a completely nerd are her 3 really cool kids, one of who has Down syndrome. Elizabeth has been involved with the DSAYR executive for 7 years and is a certified *Sibshops* Facilitator.
